EXECUTIVE SUMMARY

Key Milestone Achieved: Annual Recurring Revenue (ARR) crossed the **\$90M threshold** ahead of target, driven by strong enterprise platform expansion and reduced churn across core accounts.

STRATEGIC PRIORITIES

- Platform Scaling:** Complete multi-region latency optimization to maintain under 25ms SLA globally.
- AI Capability Expansion:** Roll out automated predictive governance modules for enterprise workflows.
- Market Expansion:** Accelerate field sales acquisition across EMEA and APAC regional hubs.
- Operational Efficiency:** Consolidate vendor licensing to drive an additional 150 bps margin expansion.

RISK & GOVERNANCE MATRIX

- Regulatory Compliance:** ISO 27001 audit successfully completed with zero findings.
- Data Privacy:** Full alignment maintained with updated international privacy frameworks.
